## School Overview

Mission Beach State School has been proudly serving the community of Mission Beach since 1954. At our school we strive to develop social, emotional, physical and academic attributes in all students while fostering strong community spirit.

Experienced teachers develop our Prep to Year 7 curriculum offering, based on the Australian Curriculum for English, Mathematics, Science, HASS, The Arts, Technology and HPE. All curriculum areas draw upon Education Queensland's Curriculum Framework. Curriculum to Classrooms materials as developed by Education Queensland are used by all teachers to inform planning, teaching and learning. This is further enhanced by Gifted and Talented strategies, Early Intervention strategies and Learning & Special Needs Support. We maintain a clear focus on explicit Numeracy and Literacy teaching. Literacy and Numeracy remains an important element in all other learning areas as well. Our school is active in the community, participating in Anzac Day, eisteddfod competitions, working with local art and drama groups and local sporting competitions.

The value of the parental role in education is well recognised at Mission Beach. Parents are encouraged to become actively involved in the school, with our Parents and Citizens Association providing the advice and additional resources critical to our success. Parent volunteers in classrooms and other school activities provide an invaluable school/home link.

Across the school the "You Can Do It" program, developing social skills and effective life- long learning attitudes and aptitudes, is implemented in all year levels from prep to year 6.

Our school has a growing environmental role and presence in our community through our Wetlands Rehabilitation Project supported by a wide range of local organisations and our sustainable garden, a project of our P&C Association. Our students are also engaged in activities that support local environmental groups.

# Principal's Foreword

## Introduction

Mission Beach State School's annual report contains information for parents and the community on the performance and achievements of the school in 2017. It draws on information from the National Assessment Program - Literacy and Numeracy (NAPLAN) for year 3, 5 and 7, the School Opinion Survey and school based data from school based documents and OneSchool. Mission Beach State School staff is proud of our commitment to ensuring that every day, in every classroom, every child is learning and achieving.

### School Progress towards its goals in 2017

During 2017 our school continued to build processes the consolidated alignment between the Australian Curriculum, C2C Teaching Units and enacted teaching in classrooms through the development of a comprehensive planning model in English and the preliminary work on Mathematics.

Moderation processes and documentation have been refined and implemented with successful moderation occurring at scheduled intervals each term.

Work on developing a consistent and robust whole school spelling program continues into 2018.

### Future Outlook

In 2018 our focus will be directed towards:

- The Australian Curriculum – Technologies.

This year we will be focusing staff development on acquiring a clear understanding of the Australian Curriculum – Technologies, and developing a whole school and cluster approach to implementing the curriculum.

A priority for development will be to enhance the understanding of all teaching staff with regards to the Digital Technology Strand of the Learning Area.

In order to achieve this, targeted professional development will be provided to staff through a “school champion” and the principal after attending Regional sessions provided to develop the skills and knowledge of participants in order to lead curriculum development at a school level.

By the end of 2018, all teaching staff will have a clear understanding of the Australian Curriculum – Technologies and be planning and implementing units aligned to the curriculum intent.

- Attendance – School Target 95% Attendance Rate

School wide actions and monitoring will be implemented to encourage the highest level of attendance possible. Actions include:

- Weekly attendance rates being presented on parade
- Awards/certificates presented to the class with the highest attendance each week
- Special awards for any class achieving 100% attendance in any given week
- Attendance data presented at P&C meetings and through school newsletter
- Special awards for students with 100% attendance across each term

Measures of success will be our level of attendance data at the end of the year.

- Spelling

This year we will be consolidating our whole school approach to spelling. Our school staff has made the decision to make use of the Sound Waves spelling program as a foundation for a consistent and integrated approach across the school. A weekly spelling award for the class with the highest spelling results in weekly testing will be presented on parade.

Measures of success will be: classroom data on spelling results and NAPLAN data for years 3 and 5.

# Our School at a Glance

## School Profile

<b>Coeducational or single sex:</b>	Coeducational
<b>Independent Public School:</b>	No
<b>Year levels offered in 2017:</b>	Prep Year - Year 6

### Student enrolments for this school:

	Total	Girls	Boys	Indigenous	Enrolment Continuity (Feb – Nov)
<b>2015</b>	299	145	154	19	92%
<b>2016</b>	308	139	169	17	91%
<b>2017</b>	314	151	163	24	88%

Student counts are based on the Census (August) enrolment collection.

In 2017, there were no students enrolled in a pre-Prep\*\* program.

\*\* pre-Prep is a kindergarten program for Aboriginal and Torres Strait Islander children, living across 35 Aboriginal and Torres Strait Islander communities, in the year before school (<https://qed.qld.gov.au/earlychildhood/families/pre-prep-indigenous>).

## Characteristics of the Student Body

### Overview

#### Overview

Mission Beach State School had 314 students in 2016. Classes are single year levels where possible, with composite class groups formed as needed as a result of student numbers and staffing allocations.

Our school attempts to maintain all class sizes at or below state targets.

Culturally the student body in 2017 was 2% Indigenous Australian and 10% Cook Islander. The remainder of the student body identified as non-indigenous Australian. The school has a relatively high rate of transience across the year.

The school caters for a number of students with disabilities who are integrated where possible and supported by a Students with Disabilities Teacher and teacher aides through a cluster based special needs hub.

The majority of students who complete year 6 at Mission Beach State School attend Tully State High School for their secondary education.

### Average Class Sizes

The following table shows the average class size information for each phase of schooling.

AVERAGE CLASS SIZES			
Phase	2015	2016	2017
Prep – Year 3	23	24	23
Year 4 – Year 6	29	24	27
Year 7 – Year 10			
Year 11 – Year 12			

## Curriculum Delivery

### Our Approach to Curriculum Delivery

Our school offers learning in the following areas, aligned with the Australian National Curriculum and enacted primarily through C2C:

- English
- Mathematics
- Science
- HASS (Humanities and Social Sciences)
- Health and Physical Education
- The Arts
- Technology

### Co-curricular Activities

In addition to our classroom academic program, we offer:

- Instrumental Music
- Environmental studies through the rehabilitation of a wetlands area within the school grounds
- Work in our developing sustainable garden
- Lunchtime Visual Art
- Lunchtime Drama
- Lunchtime Dance
- A wide range of sports including soccer, rugby league, netball, tennis, athletics, AFL and softball.
- Arts Council and other visiting performances
- School Camps and Excursions
- Clean Up Australia Day engagement.
- Reader's Cup participation
- Writer's Camp for selected students
- Leadership Camp for elected school leaders

### How Information and Communication Technologies are used to Assist Learning

Every classroom in the school is equipped with interactive whiteboards which are accessed through teachers' laptop computers, These whiteboards are used extensively across the school by teachers and students, allowing student engagement in the learning structure of lessons.

In addition we have mobile banks of laptop computers available to all classes to provide ease of access for students in lessons.

An increased focus on the ICT competencies embedded in the National Curriculum provides a clear direction for work in this area.

We also have increasing banks of mobile resources – iPads – which are being used extensively across the school as staff become more aware of their potential for increased learning outcomes and develop their expertise and comfort in the use of these devices.

Following staff engagement in cluster professional development around digital technologies, increasing implementation of coding and programming lessons is occurring in classrooms.

## Social Climate

### Overview

Mission Beach State School is proud of its reputation as a central part of a caring community that values its children and education. At Mission Beach State School we strive to provide an environment where all children feel safe and valued. Our school Responsible Behaviour Plan for Students identifies the attitudes, values and behaviour necessary to ensure this. A vigorous school wide implementation of the "You Can Do It" program, strongly supported by all staff and students is central to developing an environment for children that supports their ongoing social and emotional development.

Strong positive relationships between staff, students and parents ensure open and honest communications contributing to an environment of shared responsibility. The school enjoys positive and productive relationships with many community groups.

There is strong focus on acknowledging those students who consistently choose to behave appropriately through immediate feedback (Way To Go), weekly acknowledgement on parade and classroom acknowledgement. The school's responsible behaviour for learning system encourages students to self-evaluate and accept personal responsibility for their own improvement. Students work towards achieving various key behaviour levels with the aim of achieving the highest level – "Gold". Particular acknowledgement is accorded to those students achieving and maintaining "Gold" status.

School opinion surveys indicate a high level of parent (98%), staff (97%) and student (90%) satisfaction with how student behaviour is managed. In addition, 100% of parents, 97% of students and 100% of school staff feel the school provides a safe environment for learning.

## Parent, Student and Staff Satisfaction

### Parent opinion survey

Performance measure			
Percentage of parents/caregivers who agree# that:	2015	2016	2017
their child is getting a good education at school (S2016)	97%	96%	98%
this is a good school (S2035)	100%	96%	100%
their child likes being at this school* (S2001)	97%	98%	100%

\* Nationally agreed student and parent/caregiver items

# 'Agree' represents the percentage of respondents who Somewhat Agree, Agree or Strongly Agree with the statement.

DW = Data withheld to ensure confidentiality.

### Parent and community engagement

Parents are encouraged to participate in their child's education through:

- Involvement in the structured reading program in classrooms providing additional support for classroom teachers.
- Art and Technology activities.
- Classroom resource person – sharing their expertise for special class activities.
- School information sessions.
- Tuckshop volunteer.
- Volunteering to assist with sports days and sporting teams.
- Accompanying students on excursions and camps.
- Involvement with P&C Association.
- Support a Reader/Support a Writer Volunteers across the school.

Our school organises six monthly review meetings with parents of identified students to refine or develop individual education plans to meet students' specific needs.

Additionally, teachers regularly inform parents of any emerging issues, including modifications required to normal classroom curriculum to meet student needs and the implementation of Individual Curriculum Plans (ICP)

### Respectful relationships programs

The school has developed and implemented a program/or programs that focus on appropriate, respectful, equitable and healthy relationships.

The school has developed and implemented a program or programs that focus on appropriate, respectful and healthy relationships.

Our school has strong structured development of Social and Emotional Learning through the "You Can Do It" program. This program focusses not only on the keys to successful learning, but also on managing relationships with others in a thoughtful, considered and respectful manner.

We also provide our students with access to visiting programs that reinforce personal safety and healthy personal relationships – Bravehearts, Ditto.

### School Disciplinary Absences

The following table shows the count of incidents for students recommended for each type of school disciplinary absence reported at the school.

SCHOOL DISCIPLINARY ABSENCES			
Type	2015	2016	2017
Short Suspensions – 1 to 10 days	0	0	1
Long Suspensions – 11 to 20 days	0	0	0
Exclusions	0	0	0
Cancellations of Enrolment	0	0	0

## Environmental Footprint

### Reducing the school's environmental footprint

Solar electricity generating panels have been installed and continue to assist in the reduction of the school's electricity usage. In addition to this, all existing light fittings in classrooms and the administration block have been upgraded to more energy efficient LED fittings. These two measures have assisted us in managing power consumption across the school. Monitoring power usage during break times – turning off lights, air conditioners and fans - has also helped to reduce our electricity usage across the school. The installation of a single large energy efficient fan in our multi purpose hall, replacing eight smaller fans, has added to our energy efficiency.

Water consumption is managed through general awareness communications to all staff and students on the need to manage our water consumption – turn taps off after use, inform admin of leaks/broken fixtures, reduce garden watering. All school community members are aware of the need to reduce water usage and help to identify, and provide solutions to issues identified at the school.

Groups of students in the upper year levels monitor electricity and water usage as a part of environmental programs enacted across the school and report on parade weekly.

ENVIRONMENTAL FOOTPRINT INDICATORS		
Years	Electricity kWh	Water kL
2014-2015	132,809	1,793
2015-2016	99,286	
2016-2017	116,813	

The consumption data is compiled from sources including ERM, Ergon reports and utilities data entered into OneSchool by each school. The data provides an indication of the consumption trend in each of the utility categories which impact on the school's environmental footprint.

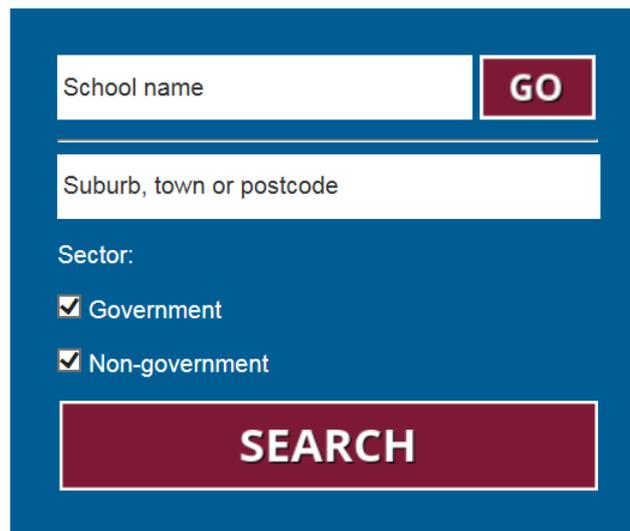

## School Funding

### School income broken down by funding source

School income, reported by financial year accounting cycle using standardized national methodologies and broken down by funding source is available via the *My School* website at <http://www.myschool.edu.au/>.

To access our income details, click on the *My School* link above. You will then be taken to the *My School* website with the following 'Find a school' text box.

### Find a school

The image shows a search form titled "Find a school" with a blue background. It contains the following elements:

- A text input field labeled "School name" with a maroon "GO" button to its right.
- A text input field labeled "Suburb, town or postcode".
- A "Sector:" label followed by two checked checkboxes: "Government" and "Non-government".
- A large maroon button with the word "SEARCH" in white capital letters.

Where it states '**School name**', type in the name of the school you wish to view, select the school from the drop-down list and select <GO>. Read and follow the instructions on the next screen; you will be asked to confirm that you are not a robot then by clicking continue, you acknowledge that you have read, accepted and agree to the **Terms of Use** and **Privacy Policy** before being given access to the school's *profile* webpage.

School financial information is available by selecting '**School finances**' in the menu box in the top left corner of the school's profile webpage. If you are unable to access the internet, please contact the school for a paper copy of income by funding source.

## Our Staff Profile

### Workforce Composition

#### Staff composition, including Indigenous staff

2017 WORKFORCE COMPOSITION			
Description	Teaching Staff	Non-Teaching Staff	Indigenous Staff
Headcounts	22	17	0
Full-time Equivalents	20	11	0

#### Qualification of all teachers

TEACHER* QUALIFICATIONS	
Highest level of qualification	Number of classroom teachers and school leaders at the school
Doctorate	
Masters	1
Graduate Diploma etc.**	2
Bachelor degree	15
Diploma	4
Certificate	

\*Teaching staff includes School Leaders

\*\*Graduate Diploma etc. includes Graduate Diploma, Bachelor Honours Degree, and Graduate Certificate.

### Professional Development

#### Expenditure On and Teacher Participation in Professional Development

The total funds expended on teacher professional development in 2017 were \$12 000.

The major professional development initiatives are as follows:

- Curriculum development and design – in school with regional support
- QCAA –NAPLAN
- Regional Physical Education development
- Business Services Manager's training
- Principal meetings
- CPR for all Staff
- Gifted and Talented Worksop
- Timetabling on One School
- Explicit Teaching – in school, whole staff
- STEM professional development
- Visible Learning – in school, whole staff
- NESLI – Teacher's Wellbeing Toolkit – all staff

The proportion of the teaching staff involved in professional development activities during 2017 was 100%

## Staff Attendance and Retention

### Staff attendance

AVERAGE STAFF ATTENDANCE (%)			
Description	2015	2016	2017
Staff attendance for permanent and temporary staff and school leaders.	95%	97%	97%

### Proportion of Staff Retained from the Previous School Year

From the end of the previous school year, 100% of staff was retained by the school for the entire 2017.

## Performance of Our Students

### Key Student Outcomes

#### Student Attendance

##### Student attendance

The table below shows the attendance information for all students at this school:

STUDENT ATTENDANCE 2017			
Description	2015	2016	2017
The overall attendance rate* for the students at this school (shown as a percentage).	92%	91%	92%
The attendance rate for Indigenous students at this school (shown as a percentage).	89%	89%	90%

\*The student attendance rate is generated by dividing the total of full-days and part-days that students attended, and comparing this to the total of all possible days for students to attend, expressed as a percentage.

The overall student attendance rate in 2017 for all Queensland Primary schools was 93%.

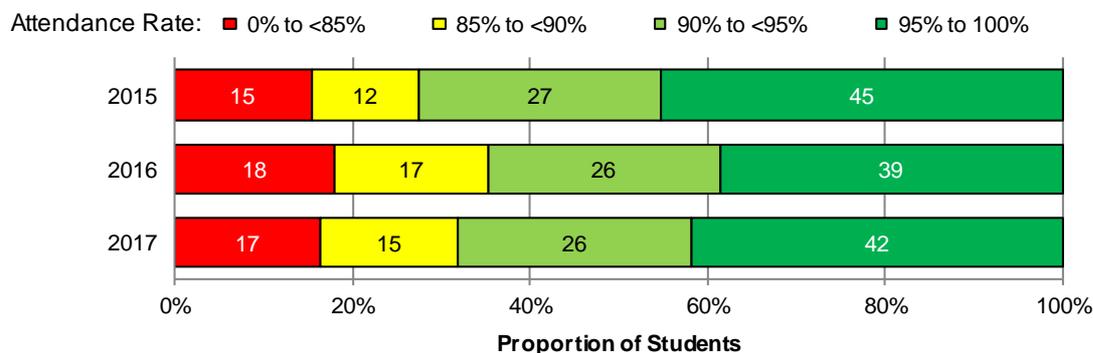

AVERAGE STUDENT ATTENDANCE RATE* (%) FOR EACH YEAR LEVEL													
Year Level	Prep	Year 1	Year 2	Year 3	Year 4	Year 5	Year 6	Year 7	Year 8	Year 9	Year 10	Year 11	Year 12
2015	93%	93%	92%	90%	92%	94%	91%						
2016	89%	90%	91%	92%	91%	93%	91%						
2017	91%	90%	91%	91%	93%	92%	94%						

\*Attendance rates effectively count attendance for every student for every day of attendance in Semester 1. The student attendance rate is generated by dividing the total of full-days and part-days that students attended, and comparing this to the total of all possible days for students to attend, expressed as a percentage.

DW = Data withheld to ensure confidentiality.

## Student Attendance Distribution

The proportions of students by attendance range:

## Description of how non-attendance is managed by the school

Non-attendance is managed in state schools in line with the Department of Education procedures, *Managing Student Absences and Enforcing Enrolment and Attendance at State Schools* and *Roll Marking in State Schools*, which outline processes for managing and recording student attendance and absenteeism.

Teachers in classrooms mark electronic student rolls twice daily – once at 9:00 a.m, when instruction begins, and a second time immediately after the lunch break at 1.50pm. Our school manages roll marking electronically through the One School application.

Attendance is monitored daily by teacher and administration staff. Parents of students who are absent without explanation are contacted by phone daily to provide an explanation for the absence. Absence Reports are used at the end of each week to ensure parents of absent children are contacted, in writing, and asked to explain all absences from school that remain unexplained.

All contact with parents is recorded on One School along with details of responses received.

When children will be absent from school in excess of 10 days, parents are required to complete an Exemption from Compulsory Schooling application which is reviewed by the principal.

The school actively promotes “Every Day Counts” through parade each week, newsletters and contact with parents. Awards are given at the end of each semester to acknowledge high levels of attendance.

Attendance is monitored with students at the end of each term using the OneSchool Dashboard.

## NAPLAN

Our reading, writing, spelling, grammar and punctuation, and numeracy results for the Years 3, 5, 7 and 9 are available via the My School website at <http://www.myschool.edu.au/>.

To access our NAPLAN results, click on the My School link above. You will then be taken to the My School website with the following ‘Find a school’ text box.

## Find a school

## Conclusion

Mission Beach State School continues to strive towards providing a relevant and interesting academic curriculum whilst building social and emotional skills and attitudes that will serve all of our students in later life.

Our school also has a growing environmental focus through our on - going wetlands project (a whole community partnership project) and our sustainable garden, which displays world class technology and environmentally friendly products throughout. Our students are becoming ambassadors for the environment, monitoring electricity usage, water consumption and waste across the school. Groups of students work in each of these areas with members of the school staff to develop and implement ideas that support environmental improvement.

As a Reef Guardian school, we are very aware of the impact on our valuable foreshore and offshore reefs that our use of the land can have. Our wetlands project has seen our students monitoring water quality, planting native trees and removing weeds and rubbish from this area with a view to ensuring this area is as healthy as we can make it.

We continue to provide the widest range of opportunities possible for the students of the school, from academic to sporting to cultural activities.

We enjoy a mutually respectful relationship with all members of our school and wider community and look forward to providing relevant and engaging education in a supportive, safe and friendly environment.
